BETHESDA, MARYLAND (DECEMBER 15, 2021) – [Curator Hotel & Resort Collection](#) (“Curator”) today announced preferred partnerships with [Aireus](#) and [Silverware](#) to provide member hotels access to best-in-class bar and restaurant point-of-sale (“POS”) technologies. With Aireus’ forward-thinking, lightweight and flexible iPad-based POS offerings and Silverware’s time-tested and robust digital solutions, including mobile ordering capabilities, Curator member hotels can now offer guests modern, efficient, and memorable dining experiences while also adding contactless solutions to keep guests and staff safe. “Partnering with Aireus and Silverware gives our members access to state-of-the-art POS solutions that will benefit both guests and staff while increasing Curator member hotel bottom lines,” said Austin Segal, Curator’s Vice President. “As restaurants gear up for an influx in demand, guest expectations are shifting, and our hotel restaurants are seeking innovative solutions that allow guests to order meals themselves and pay at their table on their own devices and allow our hotels to operate more efficiently with less staff.”
